

## **We Need Your Help!!!**

**The Haven Warhawks are in need of host families for the upcoming summer. On May 28th, twenty plus players will arrive from various parts of the country to compete for the Haven Warhawks summer collegiate baseball team as they try to earn a bid into the 2018 NBC World Series in Wichita. These young men will need a place to stay for the duration of the season in the Haven/Mount Hope/Yoder area. We want our players to see and be a part of the great community that we have here. Summer collegiate baseball leagues all over the country depend on generous host families to house players in order to operate, and we are no different. We hope that you will consider hosting a player. Many great and often lifelong relationships are forged between players and their host families. Host families will receive a free admission pass to home games to come watch and support their player if they choose. Without generous people and families to open up their homes to the players, the team cannot operate.**

**If you are interested in hosting a player this summer, please visit [havenwarhawks.com](http://havenwarhawks.com) and click on the Host Families link for more information or to fill out an application.**
